HCCC In-Lieu Fee Mitigation Program Monthly Status Update

October, 2014

A voluntary program that provides a mechanism for compensatory mitigation for unavoidable adverse impacts to aquatic resources and their buffers

1. Summary of all inquiries received, which may include inquiries from potential project permit applicants and regulatory entities.

No new inquiries were received.

2. Summary of all pending credit sales and related correspondence with regulating entities and project proponents.

The Environmental Protection Agency has requested the use of the ILF Program to accept the mitigation fee and responsibility for a development permit violation that occurred in Hoodspport, WA. The total impact area is 500 square feet and the impacted occurred on intertidal non-vegetated habitat. A conference call with the interagency team for the enforcement resolution was held on May 14th to discuss the use of the ILF Program for off-site mitigation for the permit violation.

3. Credit ledger that shows all completed credit transactions and remaining credits available for sale by service area.
