Dear Captain Dawson:

RE: Phase II Federal Coastal Zone Consistency for U.S. Corps of Engineers #NWS-2009-572, Naval Base Kitsap at Bangor Explosives Handling Wharf Number 2 (EHW-2) Project, Silverdale, Kitsap County, Washington

The Department of Ecology (Ecology) Shorelands and Environmental Assistance Program received your request for a Coastal Zone Management (CZM) Consistency Determination regarding Phase II of the proposed Naval Base Kitsap at Bangor Explosives Handling Wharf 2 on April 20, 2012. On June 15, 2012, Naval Base Kitsap and Ecology agreed to a CZM extension until the enforceable policies of Washington's CZM Program could be met.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with the Navy's determination that the proposed work is consistent to the maximum extent practicable with Washington's CZMP.

If you have any questions regarding Ecology's consistency determination please contact Rebekah Padgett at (425) 649-7129.
